

# Wisconsin Custom Manure Applicators 2021 Directory

The goal of this list of for-hire manure applicators serving Wisconsin is to provide livestock producers with a complete listing of application firms, basic contact information, equipment, and area served. The listing of a firm (or lack thereof) does not constitute an endorsement (or lack thereof) by the University of Wisconsin-Madison, Division of Extension and we do not guarantee the accuracy of any information herein. If you wish to have your firm added to the list or to correct an error, please contact Kevin Erb at 920.391.4652 or email to: [Kevin.Erb@wisc.edu](mailto:Kevin.Erb@wisc.edu).

If a semi listed as “T”, it transfers, or feeds a tanker, dragline, dumpster or frac tank in the field; an “A” is a semi that does land application; “P” means the semi has a pump for more even application on alfalfa; “G” means gravity flow discharge. If equipment is listed as “available”, the owner has access via a partnership with another firm. An \* or \*\* denotes that updated information was not available, but we believe the applicator is still in business. This list is intended for private farmer use and is not for solicitation purposes. Final update 3.4.22

<b>Firm Name, Contact, City</b> (Wisconsin unless noted otherwise)	<b>Phone</b>	<b>Equipment</b>	<b>Radius served</b> (miles)
