

Wisconsin Manure Applicators and Transporters 2024 Directory

The goal of this list of for-hire manure applicators and manure transporters serving Wisconsin is to provide livestock producers with a complete listing of application/transportation firms, basic contact information, equipment, and area served. The listing of a firm (or lack thereof) does not constitute an endorsement (or lack thereof) by the University of Wisconsin-Madison, Division of Extension and we do not guarantee the accuracy of any information herein. If you wish to have your firm added to the list or to correct an error, please contact Kevin Erb at 920.391.4652 or email to: Kevin.Erb@wisc.edu.

If a semi listed as “T”, it transfers, or feeds a tanker or dragline via dumpster or frac tank in the field; an “A” is a semi that does land application. Semis are listed as “w/tanker” if the owner has a tanker for that unit. “Semi w/out tanker” is an owner/operator that uses other’s tankers. Trucks refers to straight trucks with a mounted tank. If equipment is listed as “available”, the owner has access via a partnership with another firm. An * or ** denotes that updated information for the current year was not available, but we believe the applicator is still in business. This list is intended for private farmer use and is not for solicitation purposes. Final update 2/24/25.

Firm Name, Contact, City (Wisconsin unless noted otherwise)	Phone	Equipment	Radius served (miles)
A J Kroll Farm Alex Kroll Green Bay	920.676.9532	1 semi w/tanker T	50
